## EXPERIENCE

### Full Stack Web3 Developer | EarthMeta

📅 Feb 2023 – Present

- Created and integrated wallet connection (Metamask, WalletConnect and others) into the platform, enabling seamless and secure wallet connectivity for users.
- Enabled simple transactions using the wallet and developed the ability for users to trade virtual tokens in the marketplace.
- Implemented a secure and reliable data signing process by using ABI encoding and elliptic curves in PHP.
- Utilized Vue.js, Laravel, and Ethers to build scalable and efficient solutions for EarthMeta's Web3 platform.

### Full Stack Developer | Sahla Solution

📅 Jun 2022 – Nov 2022

📍 Algiers, Algeria

- Built a scalable and reliable server utilizing Node.js and Socket.IO to facilitate communication between drivers and clients.
- Implemented a relay server to provide data from multiple Google Maps API and Open Street Maps-based services.
- Established a continuous integration and deployment pipeline.
- Utilized AWS services including EC2 instances and S3.
- Implemented security measures and encryption.

### Full Stack Web3 Developer | Meta-Z

📅 Dec 2021 – Jun 2022

- Developed an accessible and responsive website using Next.js.
- Optimized website load times through code splitting and lazy loading techniques.
- Created and deployed smart-contracts on the blockchain network (ERC-20, ERC-721, ERC-1155).
- Built automation tools for user interaction on social media.
- Performed SEO optimization to improve website visibility.

### Full Stack Developer | Wesselli

📅 Jun 2020 – Sep 2020

📍 Chlef, Algeria

- Constructed user-friendly, responsive interfaces for seamless experiences on all devices.
- Implemented and maintained a robust Node.js server for communication between drivers and clients.
- Managed infrastructure and implemented security measures.

### Full Stack Developer | Freelance

📅 Dec 2017 – Nov 2019

- Developed and maintained websites and apps using various technologies such as React, Node.js, Electron.js, etc.
- Created automation tools for social media and other tasks.
- Delivered tailored solutions to clients.
